- Code snippet for disable of national holiday and before the current day

```
$(function() {
    $( "#date" ).datepicker({
        startDate: new Date()});
})

var startDate = new Date('01/01/2020');
var FromEndDate = new Date();
var ToEndDate = new Date();

ToEndDate.setDate(ToEndDate.getDate()+365);

$('.from_date').datepicker({

    weekStart: 1,
    startDate: '01/01/2020',
    endDate: FromEndDate,
    autoclose: true
})

.on('changeDate', function(selected){
    startDate = new Date(selected.date.valueOf());
    startDate.setDate(startDate.getDate(new Date(selected.date.valueOf())));
    $('.to_date').datepicker('setStartDate', startDate);
});
$('.to_date')
    .datepicker({

        weekStart: 1,
        startDate: startDate,
        endDate: ToEndDate,
        autoclose: true
    })
    .on('changeDate', function(selected){
        FromEndDate = new Date(selected.date.valueOf());
```

```
        FromEndDate.setDate(FromEndDate.getDate(new  
Date(selected.date.valueOf())));  
        $('#.from_date').datepicker('setEndDate', FromEndDate);  
    });
```

Working on above code
